

WRITING GUIDELINES

PFH Service Project Guide

Harness the power of imagination and design a service project that perfectly aligns with your group's preferences and interests. Create personalized letters and handmade cards, and customize your approach to ensure everyone is excited and motivated to contribute to supporting our brave U.S. military personnel and veterans.

LETTERS, CARDS & NOTES

Spark joy in our military personnel by personalizing letters, crafting handmade cards, and decorating care package boxes with love. Let your imagination run wild while staying within guidelines, and create lasting memories for our brave heroes serving far from home. Brighten their day with your thoughtful words, artistic flair, and heartwarming cards!

BE BRANCH FRIENDLY

Care packages are sent to Soldiers, Sailors, Marines, Coasties, Airmen, Reservists, and everyone in between. Please use greetings and artwork that can be sent to servicemembers from any military branch. For example, "Dear Hero," "Dear Serviceperson," and "Dear Defender of Freedom" are all great options.

STAY POSITIVE & ENCOURAGE A RESPONSE

Keep your words and artwork uplifting and positive, as it brings joy to our troops! Thank them and stay away from political, religious, or controversial subjects to honor their diverse backgrounds. Feel free to include your email or social media details for possible replies.

SEND YOUR LETTERS IN OR DROP THEM OFF

Finally, take your completed letters and either drop them off (use this link or the QR code to the left to schedule): <https://qrco.de/donationdrop> OR mail them to Packages From Home at 5643 N. 52nd Ave, Glendale, AZ 85301. Please leave letters outside of envelopes and unsealed. Each letter is proofread for appropriateness before we add it to a care package.

PLEASE REFRAIN FROM PRINTING
